

ANNUAL JUNE CONGREGATIONAL MEETING

Since our current governing documents stipulate the necessity of conducting a congregational meeting during the month of June and before the end of June, and the safety of our voting members as well as compliance with the ongoing pandemic mitigation measures, the Congregation Council approved a procedure to adjourn the Congregational Meeting on June 7, 2020, following determination of quorum, effectively postponing the congregational meeting.

On June 7, 2020, the June Congregational Meeting will be convened remotely by Zoom, with the Council comprising the voting members present. President Tom Blackburn will call the June Congregational Meeting to order and the lack of quorum will be determined. At that time, there will be a motion to adjourn, **postponing the remainder of the congregational meeting to a later date.** If on June 7, 2020, we know the date and location of that later session, it will be announced; if not, the congregation meeting will Adjourn to the Call of the Chair and the details of reconvening will be announced when known.
